RE: UPDATED-Wholesale Distributor Accreditation Requirement  
Final Extension

Hello,

OptumRx is providing a response to your request for extension to our requirements related to sourcing of medications from accredited wholesale distributors. The information you provided satisfies our expectations to grant an EXTENSION to the requirement through **12-31-2018**.

You may utilize this notice to assure our contracted Network Pharmacy Providers that you are able to continue to act as a distributor to provide covered products through the date of the EXTENSION noted above.

This is a final extension that is only valid through the period of time indicated above. This will be the last extension offered.

OptumRx maintains that our contracted Network Pharmacy Providers must source medications from an accredited source.

Sincerely,

Optum, Provider Credentialing
